KATO

Discolized

1st single: Turn The Lights Off

2nd single: Hey Shorty

Since the age of 12 it has been Kato's dream to become Scandinavia's best DJ. Now 16 years later he has accomplished that dream and more. The tour calendar is packed with gigs all over Europe, South Africa and Australia. And recently he received multiple awards at this year's official Danish Deejay Awards, among others in the category "**Best DJ of the year**" applauding his hard work and unmistakable talent.

"I've been wearing headphones so many hours a day for so many years, that I've lost my hair" Kato jokes.

Now Kato is taking a step further into the world of music by releasing his debut album "Discolized".

The first single was a rework of an old DJ Jose track, which he did in cooperation with DJ Jose and vocalist Jon. Since the release in Scandinavia "Turn The Lights Off" went **#2 on the joint Scandinavian Dance Chart** and has received heavy rotation on both national and local radio stations alike. The single has now reached Platinum status and is predicted to become one of the biggest hits this summer in the Mediterranean.

While Kato's first single is taking off in the rest of Europe, the second "Hey Shorty" has started to kick off in Denmark, where it went straight for the #1 spot on the Danish national broadcasting channel DR's show Boogie. Furthermore, it has so far stayed in the number 1 position in the dance chart for 7 weeks and already gone Platinum.

The debut album "Discolized" is an album that ranges from straight underground club tracks like "My House" and "Makka" to feel-good sunshine pop tracks like "Copa Cabana" and the new version of "It's My Life" which features **Dr. Alban**, **Tony T (R.I.O.)** and **Carlprit (Cascada)**. The album also features Terri B, Outlandish and Estella. At the Scandinavian release the album went straight to **#1 on iTunes**. Kato has just finished a remix of the German official World Championship song by **Safri Duo** and a lot of other both local and international stars are lining up to collaborate with him. One thing is for sure; **2010 is Kato's year!**
